Mr. H. Allison,

My dear Mr. Allison,
I am directing this to you through Bergen Street School, for want of a better address.
I saw "The Trial of Dr. Beck" last week, and thought it one of best plays I ever saw. There was not a dull moment. Had I time, I would like to say much more in its favor, both as to the play itself and the acting!

I do hope the play can be produced in N.Y.C. by some prominent producer! I am sure it would draw large houses, for more than one season, and would be in demand "on the road"! It is too good to let pass!

You certainly ought to have the opportunity to bring it to the attention of producers in the above class, and it would seem as if they would want to go ahead with it. Or, maybe you could produce it yourself. I wouldn't drop it!

With best wishes for a brilliant future Tom, Sincerely, Ruth Froehlich

P. S. Comments on all sides, in, + out of the theater, and elsewhere, by all who saw it were of the best, + genuine!
